Customer Reviews

I recommend this seller. The book arrived fast. It was in beautiful condition, and the price was a great bargain.

The two books are a great deal for the price I saved a significant amount by purchasing them on line and they are the same volume. All good.

This book is very informative and the questions at the end of every chapter were a great study tool for quizzes and exams.

Great book for the price. Needed it for school. Saved \$60.
