Customer Reviews

Very wordy (could be simplified) textbook with no audio textbook to reinforce learning for those with learning differences.

This was required reading for a class I took, but I wish I had bought the book! It was super helpful.

New book but not so fast of the shipping. But I love the price

The book's appearance was better than expected for a rental but overall it was good. I'm not writing on the context of the book because it's a textbook and your teacher/professor requires you have this book.

Rental arrived in like new condition. Great price.

It arrived quickly and was exactly as promised

It was exactly what I was looking for

interesting things I didn't know
