Customer Reviews

I love the Overstreet guides. They are full of tons of useful information and the price guide is a great tool. I have digital copies of the most recent issues but I have started to go back and collect the old issues to track price changes for specific issues. Really good, useful books.

This is the most accurate guide on the market. I have been collecting comics for decades and the overstreet guide is a must have for any serious collector. Does not inflate value of new books like some other guides.

The price guide is great. It's listings are greatly expanded. Better than Wizard. Great cover, too.

For over thirty years I have been collecting, buying and selling Comic Books. Overstreets Price Guide has been my bible for 28 of those years. It has a good handle on prices by condition, as well as an explanation of how to grade your comics. It is supported by the majority of Comics Retailers who deal with old/rare comic books.
