# Bratton's Family Medicine Board Review

## Synopsis

Prepare for your ABFM boards - find your weak spots and eliminate them now! Handy in print and as an eBook, Brattonâ™s Family Medicine Board Review is the essential practice test for those facing the ABFM exams. Opening with the basic requirements of the ABFM Board certification process, it provides crucial background information on all three AFBM exams and their formats, describes a typical exam day, and offers excellent test-taking adviceâ"taking the mystery out of the exam process. Features: 1,800 multiple-choice questions drawn from common clinical situations, presented in ABFM-exam format. Detailed explanation supporting each answer. Key points highlighted throughout. Additional reading suggestions after each correct answer. Pictorial atlas offers clinical photographs and lab smears. Now with the print edition, enjoy the bundled interactive eBook edition, offering tablet, smartphone, or online access to: Complete content with enhanced navigation. A powerful search tool that pulls results from content in the book, your notes, and even the web. Cross-linked pages, references, and more for easy navigation. Highlighting tool for easier reference of key content throughout the text. Ability to take and share notes with friends and colleagues. Quick reference tabbing to save your favorite content for future use. Interactive Q&A with more than 1,800 questions.

## Customer Reviews

Questions are referenced and informative, however the writing is a little dry. Difficult to hold my

attention for too long. Other books are a little more entertaining. That being said, the test itself is not known for the entertainment factor....

Too many mistakes and old (now discredited) beliefs.

Good book but some topics not covered that come in exam . I also read McGraw hill to cover those questions

So many ERRORS in this book it's absolutely rediculous!!!

I'm using this book as I prepare for the FNP boards. I love the layout of the book! Each question is followed with an explanatoon and then the guideline or reference that supports the question. For me, this really supports the ability to go deeper if a concept is not making sense. This is my favorite study aid.

still working on it. good format and questions and answered are clear and helpful. seller was great

Pretty good review. Some redundancies. A newer edition is past due - some very dated answers.

Very good review of content. Great for last month review for the Board.
