Customer Reviews

Another reviewer mentioned, and I can confirm that YES, most of the material found in this book can be found free on public domains. Or if you are a university student (and likely you are), you can find some of the more obscure material in old anthologies or shelved independently at your library. Be warned, though: your professor may want you to cite specific page numbers from this book/edition. If that is the case, you likely can't skip out on buying it. :
