Customer Reviews

I, too, cannot believe this series folded. I have bought all of the Giftwraps by Artists over the years and the William Morris is my favorite. I have purchased at least five sets of the WM Morris. The designs are beautiful, the paper is nice quality (it does not rip when you fold it), the printing is flawless. Someone should buy the Giftwraps by Artists copyrights and re-issue all of them. There are, or should be, I believe 16 sheets of fold out paper. I don't know why has '136 pages' in the product description!

I can't believe this is out of print. We use ours as gift wrap, coffee table conversation piece, bookmarks (when you don't use the whole sheet), etc. I HIGHLY recommend the investment; beats the more commercial-looking gift wrap by a long way.

The papers in the Giftwraps by Artists series are larger than in other books of wrapping paper. The sheets are folded, so they are 4 times larger than the size of the book. You get two sheets of each design. The quality of printing and color is quite good. The William Morris designs are the best of the Giftwraps by Artists series, in my opinion.
