

Synopsis

The Smart Prepper: Avoiding Beginner Mistakes We all need to prep. Nobody knows what the future will bring. But, regardless of where you find yourself when disaster strikes, you can still be prepared! The Smart Prepper will guide you and your family through the important steps and considerations that you need to begin prepping, no matter what environment you find yourself in. If you are interested in learning how to protect your family from any and all of the inevitable disasters that could potentially happen, this book is your first step to learning how to prepare for any emergency situation. In this book you will learn how to: - Which foods and supplies you need to store for survival- Pack a Bug Out Bag for each member of your family, without going overboard. - What to Buy, What to Skip- Survive in a Natural Disaster- Tips and Tricks for your Prep- How to store Food and Supplies- Much, much more

Survivors are a unique group of people. Some people call us Survivalists, Doomsday Preppers, or Patriots. You may not consider yourself any of those things. Whatever you may want to call yourself, if you're reading this, you are on the first step to helping your family survive, no matter what. Welcome to the Smart Prepper. Get a SNEAK PEAK at upcoming books, including: April 3rd: A Survival Memoir

Customer Reviews

Down-to-earth, approachable advice for non-preppers or those just starting out. Most people live in a location that has some tendency toward some kind of natural disaster, whether it's earthquakes, harsh winters, hurricanes, or tornadoes, etc., and this book gives great tips for being prepared. The author also discusses how to get along with your community and family members when they aren't on board with any kind of prepping or when they have different ideologies than you. And for those into prepper fiction, the book offers a generous sample of one of the author's novels at the end.

Don't bother reading this, just a come on for his fiction books. Nothing in here on the subject matter.

Downloaded it, need to read it
