If you're a grandparent, you'll find this book to be a wonderful resource, whether you live near your grandchildren or far away. It is a treasure trove of ideas that will bring you closer together and help you build a lasting relationship. Cherry Pedrick, RN...

First of all, I am not a Grandparent. The title of this book will limit the market that might purchase it and gain from its contents. This book will guide you in how to be a Godly person, whether or not you

are a niece, nephew, brother, sister, aunt, uncle, cousin, husband, wife, mother, father, In-Law, boss, employee and yes, even a Grandparent. This book flows smoothly, is very readable and an awesome journey to read. The Biblical insight is a recipe for all relationships. I highly recommend it.

As a grandmother, I am delighted to find a book that gives such do-able suggestions that strengthen my relationship with my grandchildren. The added plus is I also gain the blessing of a strengthened relationship with my children. This is a "must read" for everyone on the planet!

Stephen and Janet Bly's book provides wonderful, creative, detailed plans for strengthening your relationship with your grandchildren. I am finding they can be used for nieces and nephews too, and some can even be used to bring me closer to adult family members and friends.

"Helped me to know I do have a rich heritage to pass on." "I'm a new grandma and appreciated the practical ideas." "I realized the importance of writing down how I first came to faith in God." "Now I have a specific guide on how to pray for my grandkids." "Each of our grandchildren suddenly realize how important they are to us. Thanks so much for the wonderful ideas for giving them individual attention, making them every one feel important to us."

Every grandparent should read this book, especially new grandparents. This is a spiritual approach to fostering a "legacy" that will continue to live on through generations to come.

I liked this book because I don't live near my grandchildren and I really want to leave a legacy for them. I don't want to be the type of grandparent that the grandchildren don't have memories of when they are grown.

I bought this book as a Christmas gift for my father-in-law. He has a saying about how the true measure of whether or not he raised his children to be good Christians is if his GRANDKIDS grow up to be good Christians. Obviously I did not read this book since I am the parent of a little boy just 2 years old (grandparenting is a long way off for me!) but I flipped thru it and it seems to be a decent book! It covers a lot of different topics, even deals with grandkids who do NOT believe in Christ!
